

CITY OF PROVIDENCE

NOTICE

Sidewalk Contractor License

A license issued by this department will expire on the end date of the insurance certificate, the bond or December 31st, whichever comes first. If, after the expiration of the license, additional work will be performed by the contractor, a new license application must be submitted, including the application fee, insurance and bond, as required.

Contractors are advised that a permit obtained without a valid license is null and void, and the contractor will be in violation of city ordinances and subject to a fine. Continued violations may result in further fines, up to and including prohibition of future licensing or permitting.

This Department will issue a **Limited Sidewalk Contractor License** that will restrict the licensee to performing work on sidewalks and curbing only. The standard **Sidewalk Contractor License** will be required for all other work within the public right-of-way.

The following information must be submitted when the license is requested:
